

NELLY MARITIM

CURRICULUM VITAE

PERSONAL DETAILS

Name:	Nelly Maritim
Marital status:	Single
Nationality:	Kenyan
Religion:	Christian
Language:	English, Kiswahili and German

Career objective

To expand my knowledge and skills in the engineering field day by day to be able to provide solutions and improvements to challenging scenarios in the field.

EDUCATONAL BACKGROUND

University of Nairobi

BSc. Electrical and Electronic engineering

Moi Tea Girls Secondary School

K.C.S.E grade A-

Relevant Courses:

Ongoing	IBM SkillsBuild
	Artificial Intelligence and Machine Learning
Ongoing	Power Learn Project
	Software Development

WORKING EXPERIENCE

June 2023 to Sept 2023

State department for public works

Industrial Attachment where I took part in electrical installation design using AutoCAD and preparation of cost estimates and Bill of Quantities.

RESEARCH-FOCUSED WORKSHOPS

June 2023 to July 2023

WEH Biomedical Research

An exchange program where we collaborated with fellow engineering students from University of California, Berkeley to develop innovative solutions to biomedical engineering challenges in low resource countries under the World Engineering Health(WEH) program.

August 2023

Huawei workshop

Participated in a discussion on digital transformation trends in enterprise ICT and digital power sector.

September 2023

Project Management Conference

Workshop focused on the theme the Africa we want. Learnt and explored how project management practices can help shape the future of the continent.

DEMONSTRABLE SKILLS

Computer Literacy

Hands on experience in office automation tools like Microsoft office applications, AutoCAD, Electrical design software, MATLAB, and Web development.

Engineering design:

Worked on the design of a hybrid power supply, incorporating mains, solar power, and a battery, for a Phototherapy machine used for treating jaundice in newborns for my final year project.

Demonstrable attributes:

- Analytical thinking
- Organized
- Honesty

-Objectivity and professionalism

-Team player

-Attention to detail

-Critical thinking

-Management Skills

HOBBIES

Learning new languages and skills, Hiking, Travelling, Listening to music.
